AGRICULTURE

[Global Food Security \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Global food security is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to global food security.

Application Deadline: August 11th, 2010

[Food Safety \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Food safety is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to food safety.

Application Deadline: September 22nd, 2010

[Childhood Obesity Prevention \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Childhood obesity prevention is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to childhood obesity prevention.

Application Deadline: August 3rd, 2010

[Climate Change \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Climate change is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to climate

change.

Application Deadline: July 17th, 2010

[Sustainable Bioenergy \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Sustainable bioenergy is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to sustainable bioenergy.

Application Deadline: September 15th, 2010

[Specialty Crop Program](#)

Administered By: Agriculture Marketing Service

Eligibility: State Departments of Agriculture

Description: Funding is available to enhance the competitiveness of specialty crops, which are defined as fruits and vegetables, dried fruit, tree nuts, horticulture and nursery crops (including floriculture).

Application Deadline: July 19th, 2010

[National Institute of Food and Agriculture Grant](#)

Administered By: National Institute of Food and Agriculture, U.S. Department of Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, for-profit organizations, small businesses, individuals

Description: This grant is designed to support work in six priority areas: plant health and production and plant products; animal health and production and animal products; food safety, nutrition, and health; renewable energy, natural resources, and environment; agriculture systems and technology; and agriculture economics and rural communities.

Application Deadline: August 23rd, 2010

ARTS

[Promotion of the Arts \(Opportunity 2010NEA01AAE2\)](#)

Administered By: National Endowment for the Arts

Eligibility: State and local governments, public and private institutions of higher education, nonprofits

Description: Support will be considered for organizations that provide opportunities for artists to create, refine, perform, and exhibit their work. Particular interest will be given to projects that extend the arts to underserved populations.

Application Deadline: August 12th, 2010

[Creativity and Aging in America Grant](#)

Administered By: National Endowment for the Arts

Eligibility: State and local governments, independent school districts, public and private institutions of higher education, nonprofits

Description: The Arts Endowment is seeking an organization (Cooperator) to launch a technical assistance effort designed to advance arts opportunities for older Americans. As its primary task, the Cooperator will create an online directory and resource database of national, state, and local arts learning programs for older Americans, identifying key services and best practices for artists working with older adults.

Application Deadline: July 21st, 2010

[Arts on Radio and Television Grant](#)

Administered By: National Endowment of the Arts

Eligibility: State and local governments, independent school districts, public and private institutions of higher education, nonprofits

Description: Grants are available to support the development, production, and national distribution of radio and television programs on the arts. Priority will be given to artistically excellent programs that have the potential to reach a significant national audience, regardless of the size or geographic location of the applicant organization. Only programs of artistic excellence and merit, in both the media production and the subject, will be funded.

Application Deadline: September 2nd, 2010

EDUCATION

[Childhood Obesity Prevention](#) ([Agriculture and Food Research Initiative](#))

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Childhood obesity prevention is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to childhood obesity prevention.

Application Deadline: August 3rd, 2010

[Special Education Research and Development](#)

Administered By: Institute of Education Sciences, U.S. Department of Education

Eligibility: Special education research and development centers

Description: Support is available for special education research and development centers that are intended to contribute significantly to the solution of special education problems in the United States by engaging in research, development, evaluation, and national leadership activities aimed at improving the education system, and ultimately, student achievement.

Application Deadline: September 10th, 2010

[Teacher Incentive Fund](#)

Administered By: Office of Elementary and Secondary Education, U.S. Department of Education

Eligibility: Local education agencies, nonprofits, state education agencies

Description: The Teacher Incentive Fund is a program that supports efforts to develop and implement performance-based teacher and principal compensation systems in high-need schools.

Application Deadline: July 6th, 2010 (deadline for notice of intent to apply: June 1st, 2010)

[College Access Challenge Grant Program](#)

Administered By: Office of Postsecondary Education, U.S. Department of Education

Eligibility: State agencies

Description: The purpose of the College Access Challenge Grant Program is to foster partnerships among federal, state, and local governments and philanthropic organizations through matching challenge grants that are aimed at increasing the number of low-income students who are prepared to enter and succeed in postsecondary education.

Application Deadline: July 2st, 2010

[Training for Interpreters for Individuals Who Are Deaf, Hard of Hearing, or Deaf-Blind](#)

Administered By: U.S. Department of Education

Eligibility: States and public or nonprofit agencies and organizations, including institutions of higher education

Description: This program provides a grant to an eligible entity to establish a national interpreter training program that will assist ongoing regional training centers to train a sufficient number of qualified interpreters in order to meet the communications needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind.

Application Deadline: July 1st, 2010

[Education Research Grant](#)

Administered By: U.S. Department of Education

Eligibility: State governments, public and private institutions of higher education, nonprofits, for-profit organizations other than small businesses

Description: The intent of these grants is to provide national leadership in expanding fundamental knowledge and understanding of education from early childhood education through postsecondary and adult education.

Application Deadline: September 16th, 2010

[Employer Practices Related to Employment Outcomes Among Individuals With Disabilities](#)

Administered By: U.S. Department of Education

Eligibility: State and local governments, public and private agencies and organizations (both for-profit and nonprofit)

Description: The purpose of this program is to improve the effectiveness of services authorized under the Rehabilitation Act of 1973, as amended, through advanced research, training, technical assistance, and dissemination activities in general problem areas. Such activities are designed to benefit rehabilitation service providers, individuals with disabilities, and the family members or other authorized representatives of individuals with disabilities.

Application Deadline: July 19th, 2010

[Paul Calabresi Career Development Award for Clinical Oncology \(K12\)](#)

Administered By: National Institutes of Health

Eligibility: Public and private institutions of higher education, nonprofits, for-profit organizations other than small businesses

Description: This funding opportunity encourages applications for institutional research career development (K12) programs from applicant organizations that propose to promote the training and career development of translational and clinical trials researchers. The purpose of the Paul Calabresi Career Development Award in Clinical Oncology is to increase the number of clinicians (M.D.s, D.O.s, Pharm.D.s) and basic research scientists (Ph.D.s. or equivalents) who are trained to design and administer hypothesis-based pilot/Phase I, Phase II, and Phase III cancer therapeutic clinical trials in team research settings.

Application Deadline: June 10th, 2010; June 10th, 2011; June 10th, 2012

[Watershed Intern Funding Program](#)

Administered By: Office of Surface Mining

Eligibility: Public and private institutions and organizations

Description: This program is designed to assist watershed groups by providing funds for watershed organizations to hire interns to work on specific projects. The project must clearly enhance the sustainability of the watershed organizations, and must contribute directly to the remediation of acid mine drainage.

Application Deadline: September 30th, 2010

[Education Practices Grant](#)

Administered By: U.S. Department of Education

Eligibility: State governments, public and private institutions of higher education, nonprofits

Description: The intent of these grants is to provide national leadership in expanding fundamental knowledge and understanding of education from early childhood education through postsecondary and adult education. The central purpose of the program is to provide parents, educators, students, researchers, policymakers, and the general public with reliable and valid information about education practices that support learning and improve academic achievement and access to education opportunities for all students.

Application Deadline: September 16th, 2010

[National Environmental Education Training Program](#)

Administered By: Environmental Protection Agency

Eligibility: Public and private institutions of higher education, nonprofits

Description: Applications will be submitted to operate the National Environmental Education Training Program as authorized under Section 5 of the National Environmental Education Act of 1990.

Application Deadline: July 26th, 2010

[Preservation and Access Education and Training Grants](#)

Administered By: National Endowment for the Humanities

Eligibility: State and local governments, public and private institutions of higher education

Description: Preservation and Access Education and Training grants help the staff of cultural institutions, large and small, obtain the knowledge and skills needed to serve as effective stewards of humanities collections. Grants also support educational programs that prepare the next generation of conservators and preservation professionals, as well as projects that introduce the staff of cultural institutions to new information and advances in preservation and access practices.

Application Deadline: July 1st, 2010

[Bureau of Land Management Environmental Education Opportunities](#)

Administered By: Bureau of Land Management

Eligibility: Unrestricted (intended for school districts and other partner youth-focused nonprofit organizations)

Description: The Bureau of Land Management is interested in working in conjunction with a variety of school districts and other partner youth-focused nonprofit organizations to enhance the student's classroom learning by providing opportunities to learn about public lands, further their understanding and appreciation of natural and cultural resources, and pique their interest in natural resource careers.

Application Deadline: September 10th, 2010

[Asthma and Indoor and Outdoor Air Quality Education Program](#)

Administered By: Centers for Disease Control and Prevention

Eligibility: National nonprofits, faith-based organizations

Description: The purpose of this program is to build upon the existing capacity of the applicants and CDC to carry out public health activities in asthma communication, education, awareness, and policy initiatives as they reduce disparities in the burden of asthma and as they relate to indoor and outdoor air quality; and to advance CDC's goals and recognition as an international leader in reducing the burden of asthma and the burden of adverse health effects associated with indoor and outdoor air quality through the application of public health practices and principles.

Application Deadline: June 18th, 2010

ENERGY

[Sustainable Bioenergy \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Sustainable bioenergy is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to sustainable bioenergy.

Application Deadline: September 15th, 2010

[Unconventional Fossil Energy Funding Opportunity](#)

Administered By: National Energy Technology Laboratory

Eligibility: Unrestricted

Description: The purpose of this program is to select and award projects in that focus on (1) advanced simulation and visualization capabilities to enhance production and minimize environmental impacts associated with the development of domestic unconventional resources and (2) advanced, next-generation carbon dioxide enhanced oil recovery. The objective of this grant is to fund research that results in proof-of-concept and technology ready for field and/or commercial application.

Application Deadline: July 29th, 2010

[Smart Grid Research and Development Grant](#)

Administered By: National Energy Technology Laboratory

Eligibility: Unrestricted

Description: The goal of this program is to accelerate the deployment and integration of advanced digital systems that are needed to modernize the nation's electric delivery network for enhanced interpretability and cyber security. The goal of the Smart Grid R&D Program is to develop an integrated, national electric/communication/information technology infrastructure with the ability to dynamically optimize grid operations and resources and incorporate demand response and consumer participation.

Application Deadline: June 22nd, 2010

ENVIRONMENT

[Climate Change \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Climate change is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to climate change.

Application Deadline: July 17th, 2010

[Sustainable Bioenergy \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Sustainable bioenergy is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to sustainable bioenergy.

Application Deadline: September 15th, 2010

[Watershed Intern Funding Program](#)

Administered By: Office of Surface Mining

Eligibility: Public and private institutions and organizations

Description: This program is designed to assist watershed groups by providing funds for watershed organizations to hire interns to work on specific projects. The project must clearly

enhance the sustainability of the watershed organizations, and must contribute directly to the remediation of acid mine drainage.

Application Deadline: September 30th, 2010

[National Environmental Education Training Program](#)

Administered By: Environmental Protection Agency

Eligibility: Public and private institutions of higher education, nonprofits

Description: Applications will be submitted to operate the National Environmental Education Training Program as authorized under Section 5 of the National Environmental Education Act of 1990.

Application Deadline: July 26th, 2010

[Environmental Training for Youths](#)

Administered By: U.S. Fish and Wildlife Service

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, for-profit organizations and small businesses

Description: Contact Lamar Gore at lamar_gore@fws.gov

Application Deadline: September 29th, 2010

[Challenge Cost Sharing Program](#)

Administered By: U.S. Fish and Wildlife Service

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, for-profit organizations, small businesses

Description: The Northeast Region invites the submission of proposals in support of natural resource management, emphasizing the inventory and control of invasive species, habitat restoration, and conservation outreach opportunities.

Application Deadline: September 30th, 2010

[Challenge Cost Share Projects](#)

Administered By: Department of the Interior

Eligibility: Unrestricted

Description: Program provides funding to promote cost-share partnerships with non-federal entities for the purpose of public land management of important resources such as cultural, fisheries, recreation, wildlife, special status plants, and native plant communities.

Application Deadline: September 15th, 2010

[Department of Commerce Grant](#)

Administered By: Department of Commerce

Eligibility: Institutions of higher education, nonprofits, commercial organizations, international or foreign organizations or governments, individuals

Description: The purpose of this program is to provide assistance for special projects and programs associated with the Agency's strategic plan and mission goals for grants (encourage research, education and outreach, and innovative projects).

Application Deadline: September 30th, 2011

[National Fish Passage Program](#)

Administered By: Fish and Wildlife Service

Eligibility: Unrestricted

Description: Contact Susan Wells at the National Fish Passage Program (susan_wells@fws.gov)

Application Deadline: October 1st, 2010

[Partners for Fish and Wildlife Program](#)

Administered By: Fish and Wildlife Service

Eligibility: Private landowners, state and local governments, educational institutions and organizations

Description: This project is designed to provide direct technical and financial assistance to

private landowners interested in restoring, enhancing, and managing fish and wildlife habitats on their own lands.

Application Deadline: September 30th, 2010

[Zebrafish Research Grant](#)

Administered By: National Institutes of Health

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, for-profit institutions, small businesses

Description: This grant encourages investigator-initiated applications designed to exploit the power of the zebrafish as a vertebrate model for biomedical and behavioral research.

Applications proposing to develop new research tools or techniques that are of high priority to the zebrafish community and that will advance the detection and characterization of genes, pathways, and phenotypes of interest in development and aging, organ formation, neural processes, behavior, sensory processing, physiological processes, and disease processes are welcome.

Application Deadline: September 17th, 2010

[U.S. Standard Grants Program](#)

Administered By: Fish and Wildlife Service

Eligibility: Unrestricted

Description: The U.S. Standard Grants Program is a competitive, matching grants program that supports public-private partnerships carrying out projects in the United States that further the goals of the North American Wetlands Conservation Act. These projects must involve long-term protection, restoration, enhancement and/or establishment of wetlands and associated uplands habitats for the benefit of all wetlands-associated migratory birds.

Application Deadline: July 30th, 2010

[U.S. Fish and Wildlife Service Coastal Program](#)

Administered By: U.S. Fish and Wildlife Service

Eligibility: Federal, state, intrastate and interstate agencies, public nonprofit institutions and organizations, private landowners

Description: Coastal ecosystems comprise less than 10 percent of the Nation's land area, but support far greater proportions of our living resources. Specifically, coastal areas support a much higher percentage of the Nation's threatened and endangered species, fishery resources, migratory songbirds, and migrating and wintering waterfowl. The U.S. Fish and Wildlife Service welcomes your participation in the Coastal Program.

Application Deadline: September 30th, 2010

[Bureau of Land Management Environmental Education Opportunities](#)

Administered By: Bureau of Land Management

Eligibility: Unrestricted (intended for school districts and other partner youth-focused nonprofit organizations)

Description: The Bureau of Land Management is interested in working in conjunction with a variety of school districts and other partner youth-focused nonprofit organizations to enhance

the student's classroom learning by providing opportunities to learn about public lands, further their understanding and appreciation of natural and cultural resources, and pique their interest in natural resource careers.

Application Deadline: September 10th, 2010

[Unconventional Fossil Energy Funding Opportunity](#)

Administered By: National Energy Technology Laboratory

Eligibility: Unrestricted

Description: The purpose of this program is to select and award projects in that focus on (1) advanced simulation and visualization capabilities to enhance production and minimize environmental impacts associated with the development of domestic unconventional resources and (2) advanced, next-generation carbon dioxide enhanced oil recovery. The objective of this grant is to fund research that results in proof-of-concept and technology ready for field and/or commercial application.

Application Deadline: July 29th, 2010

[Smart Grid Research and Development Grant](#)

Administered By: National Energy Technology Laboratory

Eligibility: Unrestricted

Description: The goal of this program is to accelerate the deployment and integration of

advanced digital systems that are needed to modernize the nation's electric delivery network for enhanced interpretability and cyber security. The goal of the Smart Grid R&D Program is to develop an integrated, national electric/communication/information technology infrastructure with the ability to dynamically optimize grid operations and resources and incorporate demand response and consumer participation.

Application Deadline: June 22nd, 2010

[Grant for Research into Black Carbon](#)

Administered By: U.S. Environmental Protection Agency

Eligibility: State and local governments, public and private institutions of higher education

Description: The U.S. Environmental Protection Agency, as part of its Science to Achieve Results program, is seeking applications proposing research into black carbon (BC), related co-pollutants, and other short lived climate forcers (SLCF) and their effects on climate change and air quality. EPA is interested in research that investigates the emission sources, the global to local scale emissions inventory, and applies modeling tools to assess BC, co-pollutants and other SLCF in a climate and air quality context.

Application Deadline: September 22nd, 2010

[Region 06 Wetland Program Development Grants](#)

Administered By: U.S. Environmental Protection Agency

Eligibility: Unrestricted

Description: This grant is designed to provide applicants an opportunity to carry out projects to develop and refine comprehensive wetland programs. All proposed projects must be linked to environmental results and demonstrate how they will contribute to the ultimate goals of health communities and ecosystems.

Application Deadline: June 28th, 2010

[Region 8 Indoor Air Quality](#)

Administered By: U.S. Environmental Protection Agency

Eligibility: State and local governments, public and private institutions of higher education

Description: These grants will be awarded for research, investigations, experiments, training demonstrations, surveys and studies related to the causes, effects, extent, prevention, reduction and elimination of air pollution.

Application Deadline: June 21st, 2010

FOOD AND NUTRITION

[Childhood Obesity Prevention](#) ([Agriculture and Food Research Initiative](#))

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses

Description: Childhood obesity prevention is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to childhood obesity prevention.

Application Deadline: August 3rd, 2010

[National Institute of Food and Agriculture Grant](#)

Administered By: National Institute of Food and Agriculture, U.S. Department of Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, for-profit organizations, small businesses, individuals

Description: This grant program supports work in six priority areas: plant health and production and plant products; animal health and production and animal products; food safety, nutrition, and health; renewable energy, natural resources, and environment; agriculture systems and technology; and agriculture economics and rural communities.

Application Deadline: August 23rd, 2010

[Food Safety \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Food safety is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to food safety.

Application Deadline: September 22nd, 2010

[Global Food Security \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Global food security is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to global food security.

Application Deadline: August 11th, 2010

HEALTH

[Childhood Obesity Prevention](#) ([Agriculture and Food Research Initiative](#))

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Childhood obesity prevention is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to childhood obesity prevention.

Application Deadline: August 3rd, 2010

[Global Food Security \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Global food security is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to global food security.

Application Deadline: August 11th, 2010

[Food Safety \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Food safety is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Successful requests for applications will support research, education, and extension to achieve significant, measurable outcomes with regard to food safety.

Application Deadline: September 22nd, 2010

[Paul Calabresi Career Development Award for Clinical Oncology \(K12\)](#)

Administered By: National Institutes of Health

Eligibility: Public and private institutions of higher education, nonprofits, for-profit organizations

other than small businesses

Description: This funding opportunity encourages applications for institutional research career development (K12) programs from applicant organizations that propose to promote the training and career development of translational and clinical trials researchers. The purpose of the Paul Calabresi Career Development Award in Clinical Oncology is to increase the number of clinicians (M.D.s, D.O.s, Pharm.D.s) and basic research scientists (Ph.D.s. or equivalents) who are trained to design and administer hypothesis-based pilot/Phase I, Phase II, and Phase III cancer therapeutic clinical trials in team research settings.

Application Deadline: June 10th, 2010; June 10th, 2011; June 10th, 2012

[Technological Tools and Adherence to HIV Treatment Regimens](#)

Administered By: National Institutes of Health

Eligibility: State and local governments, independent school districts, public and private institutes of higher education, nonprofit and for-profit organizations, small businesses

Description: This program seeks to stimulate and support research on the development, determination of feasibility, and pilot testing of interventions that utilize technological tools (e.g., mobile enabling technologies, Ecological Momentary Assessment (EMA), enhanced Medication Event Monitoring System, computer software, portable digital devices, cell phone and/or Digital Assistant Device among others) to foster adherence to Human Immunodeficiency Virus (HIV) treatment regimens among substance abusing populations in naturally occurring timeframes and contexts.

Application Deadline: May 7th, 2011

[Zebrafish Research Grant](#)

Administered By: National Institutes of Health

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, for-profit institutions, small businesses

Description: This grant encourages investigator-initiated applications designed to exploit the power of the zebrafish as a vertebrate model for biomedical and behavioral research.

Applications proposing to develop new research tools or techniques that are of high priority to the zebrafish community and that will advance the detection and characterization of genes, pathways, and phenotypes of interest in development and aging, organ formation, neural processes, behavior, sensory processing, physiological processes, and disease processes are welcome.

Application Deadline: September 17th, 2010

[Prophylactic HIV Vaccines Research Grant](#)

Administered By: National Institutes of Health

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, for-profit organizations, small businesses

Description: The goal of this funding is to facilitate the translation of innovative and promising basic science-derived vaccine concepts for prophylactic HIV vaccines to initial clinical trials by providing the critical resources necessary for achieving this goal. The

Application Deadline: November 8th, 2012

[Alzheimer's Disease, Cognitive Impairment and Cognitive Health](#)

Administered By: Centers for Disease Control and Prevention

Eligibility: Eligible applicants that can apply for this funding opportunity announcement is being limited to registered National non-profit organizations that focus on reducing the risk of Alzheimer's disease and cognitive impairment and enhancing brain health through the advancement of research and increasing awareness about brain health through science-based educational interventions, and development and dissemination of health communication messages

Description: The purpose of the program is to promote public awareness and partnerships, assess the impact and burden of cognitive impairment within states and nationally, describe the characteristics of expanded data on caregivers and care from a public health perspective, provide Alzheimer's disease and cognitive health education for the general public and health professionals, and develop and enhance communication channels to allow for improved interaction and information sharing about cognitive impairment and Alzheimer's disease.

Application Deadline: June 7th, 2010

[Act Against AIDS Leadership Initiative](#)

Administered By: Centers for Disease Control and Prevention

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, for-profit organizations other than small businesses

Description: The purpose of the Act Against AIDS Leadership Initiative (AAALI) is to (1) incorporate HIV/AIDS education and awareness, prevention, communication strategies into the day-to-day activities of AAALI organizations, (2) to integrate HIV prevention in communication, mobilization, and outreach activities of national organizations that have proven reach and credibility within African American, Hispanic/Latino, or MSM communities, and that have not had a historically, primary HIV/AIDS focus, and (3) to create a network of these organizations that can support the shared implementation of innovative, credible, and effective approaches that respond to the unique challenges facing HIV prevention efforts among African Americans, Hispanic/Latinos, or MSM.

Application Deadline: June 14th, 2010

[Asthma and Indoor and Outdoor Air Quality Education Program](#)

Administered By: Centers for Disease Control and Prevention

Eligibility: National nonprofits, faith-based organizations

Description: The purpose of this program is to build upon the existing capacity of the applicants and CDC to carry out public health activities in asthma communication, education, awareness, and policy initiatives as they reduce disparities in the burden of asthma and as they relate to indoor and outdoor air quality; and to advance CDC's goals and recognition as an international leader in reducing the burden of asthma and the burden of adverse health effects associated with indoor and outdoor air quality through the application of public health practices and principles.

Application Deadline: June 18th, 2010

[Region 8 Indoor Air Quality](#)

Administered By: U.S. Environmental Protection Agency

Eligibility: State and local governments, public and private institutions of higher education

Description: These grants will be awarded for research, investigations, experiments, training demonstrations, surveys and studies related to the causes, effects, extent, prevention, reduction and elimination of air pollution.

Application Deadline: June 21st, 2010

[Pediatric Healthcare Quality Measures Program Centers of Excellence](#)

Administered By: Agency for Health Care Research and Quality

Eligibility: Local governments, public and private institutions of higher education, for-profit organizations other than small businesses

Description: Grant applications are being solicited that propose to advance and improve measures of child healthcare quality.

Application Deadline: June 30th, 2010

HUMANITIES

[State and National Archival Partnership Grants](#)

Administered By: National Archives and Records Administration

Eligibility: State governments, public and private institutions of higher education, nonprofits

Description: The National Historical Publications and Records Commission seeks proposals to strengthen archives and historical records programs in each of the states and build a national archival network.

Application Deadline: September 9th, 2010

[Preservation and Access Research and Development Grants](#)

Administered By: National Endowment for the Humanities

Eligibility: State and local governments, public and private institutions of higher education,

nonprofits

Description: Preservation and Access Research and Development grants support projects that address major challenges in preserving or providing access to humanities collections and resources. These challenges include the need to find better ways to preserve materials of critical importance to the nation's cultural heritage from fragile artifacts and manuscripts to analog recordings and digital assets subject to technological obsolescence and to develop advanced modes of searching, discovering, and using such materials.

Application Deadline: July 1st, 2010

[Preservation and Access Education and Training Grants](#)

Administered By: National Endowment for the Humanities

Eligibility: State and local governments, public and private institutions of higher education

Description: Preservation and Access Education and Training grants help the staff of cultural institutions, large and small, obtain the knowledge and skills needed to serve as effective stewards of humanities collections. Grants also support educational programs that prepare the next generation of conservators and preservation professionals, as well as projects that introduce the staff of cultural institutions to new information and advances in preservation and access practices.

Application Deadline: July 1st, 2010

REGIONAL DEVELOPMENT

[Global Food Security \(Agriculture and Food Research Initiative\)](#)

Administered By: National Institute of Food and Agriculture

Eligibility: Public and private institutions of higher education, nonprofits, small businesses, individuals

Description: Global food security is one of five societal challenge areas the Agriculture and Food Research Initiative has identified. Application Deadline: September 15th, 2010

[Public Works and Economic Development Act Programs Grant](#)

Administered By: Economic Development Administration

Eligibility: Local governments, public and private institutions of higher education, nonprofits

Description: Applications are being solicited for the following programs under the Public Works and Economic Development Act: (i) Public Works; (ii) Planning; (iii) Local Technical Assistance; and (iv) Economic Adjustment Assistance. EDA will provide Public Works investments to support the construction or rehabilitation of essential public infrastructure and facilities necessary to generate or retain private sector jobs and investments, attract private sector capital, and promote regional competitiveness, including investments that expand and upgrade infrastructure to attract new industry, support technology-led development, accelerate new business development, and enhance the ability of regions to capitalize on opportunities presented by free trade.

Application Deadline: September 30th, 2010

SCIENCE AND TECHNOLOGY

[Department of Commerce Grant](#)

Administered By: Department of Commerce

Eligibility: Institutions of higher education, nonprofits, commercial organizations, international or foreign organizations or governments, individuals

Description: The purpose of this program is to provide assistance for special projects and programs associated with the Agency's strategic plan and mission goals for grants (encourage research, education and outreach, and innovative projects).

Application Deadline: September 30th, 2011

[Cooperating Technical Partners Program](#)

Administered By: Department of Homeland Security

Eligibility: State and local governments, public and private institutions of higher education, nonprofits

Description: The purpose of the Cooperating Technical Partners (CTP) program is to provide, through a Cooperative Agreement, funds to ensure that CTP can perform program management and mapping-related activities, which are defined in the program guidance each fiscal year.

Recipients must be a partner in the CTP program, either be or represent a National Flood Insurance Program (NFIP) community in good-standing, have the capability to perform funded activities, and have existing non-Federally funded processes and/or systems in place to support activities that contribute to flood hazard identification.

Application Deadline: September 15th, 2010

[National Science Foundation Nuclear Physics Grant](#)

Administered By: National Science Foundation

Eligibility: Unrestricted

Description: Supports research at the frontiers of nuclear science, including: properties and behavior of nuclei and nuclear matter under extreme conditions, and/or as they relate to astrophysical phenomena; the quark-gluon basis for the structure and dynamics of nuclear matter; phase transitions of nuclear matter from normal nuclear density and temperature to the predicted high-temperature quark-gluon plasma; and basic interactions and fundamental symmetries.

Application Deadline: September 29th, 2010

[Smart Grid Research and Development Grant](#)

Administered By: National Energy Technology Laboratory

Eligibility: Unrestricted

Description: The goal of this program is to accelerate the deployment and integration of advanced digital systems that are needed to modernize the nation's electric delivery network for enhanced interpretability and cyber security. The goal of the Smart Grid R&D Program is to develop an integrated, national electric/communication/information technology infrastructure with the ability to dynamically optimize grid operations and resources and incorporate demand response and consumer participation.

Application Deadline: June 22nd, 2010

OTHER

[Office of Violence Against Women Grant](#)

Administered By: Office of Violence Against Women

Eligibility: Applicants are limited to nonprofit, nongovernmental organizations or coalitions that have a documented history of creating and administering effective public education campaigns addressing the prevention of domestic violence, dating violence, sexual assault or stalking or a State, Territorial, Tribal, or unit of local governmental entity that is partnered with the aforementioned.

Description: This program furthers the Department's mission by engaging men in preventing sexual assault, domestic violence, dating violence, and stalking.

Application Deadline: June 3rd, 2010

[Funding for Activities that Reduce the Time Children Spend in Foster Care](#)

Administered By: Administration for Children and Families

Eligibility: State and local governments, public and private institutions of higher education, nonprofits, faith-based and community organizations

Description: These funds will provide cooperative agreements to organizations with the goal of addressing grantee specific issues which cause children and youth to remain in foster care longer than three years. The cooperative agreements will fund activities related to reducing the length of time children and youth spend in foster care.

Application Deadline: August 9th, 2010
